NEWS RELEASE

Date: February 13, 2007

**Safe Kids, Con Paulos and CASA Host Safety Event
Aimed at Magic Valley Young 'Tweens**

Child passenger safety for young 'tweens – children ages 8 – 10 years – involves different issues that are important for your family. A special event sponsored by Safe Kids Magic Valley, CASA (Court Appointed Special Advocates) for Children will be held at Con Paulos (901 South Lincoln, Jerome) on Saturday, February 17 from 10 a.m. – 12 noon. A free Buckle Up Child Safety Seat Check follows from 12 noon to 4 p.m.

This event is important for families with children who are between 8 – 10 years old (also known as 'tweens) who may benefit from booster seats, and information about common safety concerns particular to these ages. In addition to safety belt fit testing, families can also learn about preventing trunk entrapment, vehicle back-over's, and the injuries related to children being left alone in a vehicle.

For more information contact Safe Kids of the Magic Valley at 737-2430.
